CEYLON KNOWLEDGE SERVICES

DUBAI FINTECH SUMMIT 2026

Dedicated analytics, modelling and compliance teams for fintechs, run from Colombo.

We build and run the teams behind your numbers, data and controls, so your people can focus on growing the business.

FOUR WAYS FINTECHS USE A CKS TEAM

1. Financial Modelling & Planning Board and investor models, unit economics, budgets, and scenario planning, maintained month to month.	**2. Data & AI Builds** Data pipelines, reporting and LLM systems with guardrails, input/output validation, and rigorous testing. You own what we build.
3. Cybersecurity & Compliance Support Security operations support, control testing, and documentation regulators and partners require.	**4. Research & Strategy** Market sizing, competitor analysis, go-to-market execution, and commercial due diligence for new markets and products.

Engage us by project, on a retainer, or as a dedicated team that grows with you.

WHY CKS, WHY COLOMBO

Aligned Working Hours: Colombo is just 90 minutes ahead of Dubai, sharing your full working day. We staff to whatever hours your team keeps.

Teams Built to Your Needs: We assemble specialist analysts, quants, and engineers, then scale as your workload expands.

Industry-Led Pedigree: Founded by Krishanth Jayarajah (ex-Morgan Stanley, London & AVP at Acuity Analytics).

Key Metrics & Footprint:

- **60+ People** across 6 dedicated practices
- **Founded 2021** in Colombo, Sri Lanka
- **ISO 27001 Aligned** controls in place
- **Your Data, Your Terms:** We sign your DPA and work directly within your secure environment.

DATA HANDLING & COMPLIANCE

ISO 27001 Aligned Controls Institutional-grade controls active today; certification in progress.	**We Sign Your DPA** Operate under your data processing terms, never standard vendor boilerplate.	**Data Stays in Your Environment** Zero exfiltration; work performed in your tenant or to your exact residency rules.
